

BROADRANGE.AI

This is to certify that Ayon Aryan, a student of RV University, pursuing B.Tech(H), has successfully completed a Generative AI Project. During the period June 2025 to Aug 2025 at Broadrange AI The project work was carried out under the guidance and supervision of Ramarao Kadiyala and is part of the student's academic curriculum requirements.

During the project tenure, he has shown dedication, enthusiasm, and a professional approach towards the assigned tasks. The outcomes of the project have been found satisfactory and in line with the objectives set forth at the beginning.

*We wish Ayon Aryan
all the best for her future academic and professional pursuits.*
